

2006 - COLLEGE CROSS COUNTRY RESULTS

This year the House College Cross Country Competition was held at Dalton Road Campus on Wednesday, 26th of July. The conditions this year were terrific with the use for the first time of our recently constructed College cross country course. All students from Dalton Road Campus were involved in the morning events while interested Davisson Street students participated in the afternoon, some 1000 students in total.

House Competition aims to encourage all ability groups to do their best, any student who completed the 3 kilometre course in 20 minutes or less gained points for their House. Two of the ten events saw new records set, over the challenging course.

Congratulations to **Glenora** House the 2006 Champions.
