St Monica's College, Epping College Theme 2022

Travel Together On Our Journeys Ahead

As each school year commences, our College community grows in number and strength. Monicans live their annual theme with joy and in a true spirit of companionship. In 2022, we shall, in the words of our College Theme, 'Travel Together on our Journeys Ahead'.

St Monica's College, Epping was founded in 1964 in an adventurous and very strong belief that a great many journeys awaited the students and staff who comprised the College. Indeed, many journeys have been walked and lived, and always Saint Monica has been with us in spirit and through her prayers. This has enabled generations of Monicans to persevere.

Many life journeys lie ahead for Monicans in 2022, not least to recover from the difficulties and hardship of recent years for the world and for our College. Our mutual journey now will be to learn from the past, revive and regroup, and press forward with optimism and courage. We shall respect and honor our past, live well in the contemporary world of 2022, and prepare to create and build a future that will see Monicans shine forth as people of hope and confidence. This we name our 'Educational Enterprise'.

We shall journey along many paths in 2022, not all academic though there are good results to attain, much knowledge to accumulate, and achievements to enjoy through hard work. We shall journey in companionship, knowing that our unity is our most valuable asset. We shall leave no person behind, each individual is unique amongst many Monicans, and together we travel with pride in our hearts, a plan in our minds, a moral compass held in our hands, and power in each footstep we take together.

Our journeys will involve times of discovery just as two disciples unexpectedly met Jesus on the road to Emmaus. Jesus is at our core and in our prayers. Saint Monica is our essence and to her we offer our perseverance. The journeys we shall travel together will see dreams of happiness and peace come to reality through our relationships and our actions. They will turn the maybe into the likely; the probable into the certain; the impossible into the possible. These will be dreams achieved and accomplished when Monicans have worked together to make this world a better place and this College the very epitome of what was dreamed for it in 1964.

We shall meet others whose journeys will inspire and enchant us. These will be navigators who explored space, Arctic waters and wild jungles. They will be journeymen and women who risked their safety to encounter unknown civilizations and open foreign frontiers. We shall be blest to be introduced to fellow Melburnians

whose actions and personal commitment lead to life being easier and fears being calmed for the less fortunate in our society through their perseverance and generous use of the gifts given to them by God.

Our journeys will be to happy places where people with life challenges receive protection from anything that might do them harm. Monican journeys will be to remote and international places we know already like Australian indigenous communities, the Philippines, Pakistan, India, Kiribati and Japan. The roads we travel together will bend and twist, lead us towards horizons of hope, sometimes hurt our collective feet as we walk in the shoes of other people and suffer and celebrate with them. The journeys will have a starting point but no definite end point as Monicans always live with prayer and perseverance.

The journeys we shall travel together will call for us to be people of faith and goodness, confident and bountiful in compassion and forgiveness. The journeys will be colored with blue and gold Monican traditions, the green of Ostia and The Wetlands experiences, and the golden sun that always shines on Monicans.

Our maps along the journeys will be those fellow travellers and guides whom we trust and with whom we travel. Skills will be developed in classrooms, friendships nurtured on playgrounds, strong sense of purpose well-honed on sportsfields, all necessary for journeys that have purpose and meaning for each member of our school community.

Monica travelled her journey from Algeria to Milan alone. Monica and Augustine travelled from Milan to Ostia together as mother and son. Companions in groups embark on journeys across seas and continents, through strange lands and into the skies. We shall be invited to sense the thrill and the excitement of completing many journeys in 2022 together.

Jesus invites Monicans with His words, 'Come follow me'. 'Lord', we ask, 'where are we going?' He responds, 'To my Father's house for there you will find many rooms.' (John 14:2)

In 2022, Monicans are companions on a journey,

*We have been gifted with each other,
And we are called by the Word of the Lord;
To act with justice, to love tenderly,
And to walk humbly with our God.*

CAREERS CORNER

WELCOME BACK FROM THE CAREERS TEAM

Our three careers practitioners, Mr White, Mrs Maloney, and Mr Stehn, along with our administrative assistant, Mrs Martin look forward to meeting with many of our students in 2022 to assist in all their career development needs.

Year 12 students have already been informed of the upcoming Goal Setting meetings. Each student will have a brief meeting with a staff member to discuss their goals for 2023 and what this means for their studies in 2022. There will be an opportunity during these meetings to make a careers appointment for a more extensive meeting (and follow up meetings if necessary), to assist in developing a career pathway.

Work has already begun with the Year 10 pre-VCAL students as part of their Employment Pathways course to prepare them for their 2 compulsory Work Experience placements this year. All other Year 10 students are encouraged to also do Work Experience and should make a careers appointment to discuss the possibilities.

Whilst Structured Workplace Learning (SWL) is undertaken by most senior school VCAL students, all VCE VET students are also strongly encouraged to do SWL as part of their VET course. For VCE students it is a little more difficult to organise, but they are still strongly encouraged to make a careers appointment to discuss their options.

We also look forward to working with all other year levels as we introduce career education into their curriculum as well as some standalone careers lessons.

Our first edition of the Careers Newsletter will be in the inbox of all students and their parents on 14 February. Those who access the Newsletter on a regular basis know how informative it is and the excellent resources that it provides to assist with career exploration.

If you want to talk careers, please get in touch.

We welcome all students and parents to the 2022 school year.

I am pleased to provide you with important information regarding the Tuition Fees and General Levy for this year.

To our returning students we certainly look forward to seeing you as well.

Both the Pamela Coyne Library (DRC) and Sister Julian Quaine Library (DSC) are first rate libraries offering a wide range of resources and services to staff and students, along with an ever-growing collection of fiction for reading pleasure and class work and extensive online resources supporting subject areas. Our services also include photocopying (both campuses), binding and laminating (SJQL only). Please be sure to enquire with library staff to find out just how we can assist you!

For our avid readers, the PCL has a Book Club who meet weekly, where activities and favourite books are shared. We also have a Library Monitors Group for those students who would like to know more and assist with basic Library chores.

SJQ also had a wonderful Reading Club for those seniors who

still find time to read for pleasure and we encourage our book loving students on both campuses to provide reviews of their favourite books where possible!

Also, for those Instagram followers, we have an IG page to keep you up to date with all our goings on! Be sure to check us out at [@smc.libraries](https://www.instagram.com/smc.libraries)

Business Connect has been operational for almost three years and now has over 70 businesses, all of whom have a strong Monican connection. Anyone that shares a current or past connection to the College (alumnus, parent, student, staff) and owns a business or who works within a sector that may be beneficial to the Monican community, is encouraged to reach out and be part of Business Connect.

Business Connect aims to connect potential clients to the people/business associated with our initiative. We constantly recommend the business associated with us to the wider community through our website, social media and any other advertising medium that is appropriate. We receive over one-million-page impressions and engagements every year through Facebook (our strongest platform). Our social media combined reels in over two-million-page hits per year and is continually growing.

St Monica's College, Epping has been a well-respected educational institution since our foundation in 1964. Being one of the first Catholic secondary schools in the northern suburbs, we are a trusted voice in the local community and we want to grow this through our community work with Business Connect.

We have a digital directory on our website, allowing the Monican community to browse and contact our connections based on their needs. The College also has a newsletter entitled, *The Principal's Bulletin* that showcases new and existing businesses.

To partner with the College is **free**.

This year, we are hopeful to be hosting a networking event in late March. More information will be featured in the coming editions of *Principal's Bulletin* as well as our social media platforms.

If you would like to register or have any questions regarding this initiative, please contact Mr Cameron Whitford (c.whitford@stmonicas-epping.com) or Mr Jordan Hodges (j.hodges@stmonicas-epping.com).
